

# P. L. C Application Equipment

## WSS-2N Manufacture Process Trainer

- Main Voltage : DC 24V
- Digital Input & Output Connection Points
  - Input : 10 & Output : 6
- Air is necessary for operation
- Sensor Type : NPN Type
- Providing operation manual

※ P. L. C Controller is not included

## WSR-3 Flexible Manufacturing System

- Main Voltage
  - 1 Phase AC 220~240V / 50/60HZ
- Digital Input & Output Connection Points
  - Input : 21 & Output : 9
- Sensor Type : NPN Type
- Air is necessary for operation
- Providing operation manual

※ P. L. C Controller is not included
