

P. L. C Application Equipment

WSR-6 Auto Storage System Trainer

- Main Voltage
 - 1 Phase AC 220~240V / 50/60HZ
 - Digital Input & Output Connection Points
 - Input : 47 & Output : 15
 - Sensor Type : NPN Type
 - Air is necessary for operation
 - Providing operation manual
- ※ P. L. C Controller is not included

WSR-6S Auto Storage System Trainer

- Main Voltage
 - 1 Phase AC 220~240V / 50/60HZ
 - Digital Input & Output Connection Points
 - Input : 32 & Output : 15
 - Sensor Type : NPN Type
 - Air is necessary for operation
 - Providing operation manual
- ※ P. L. C Controller is not included

※ All P. L. C application equipments can be controlled by all of PLC such as SIMENS, MITSUBISHI, LS, Allen-Bradley
