

P. L. C Application Equipment

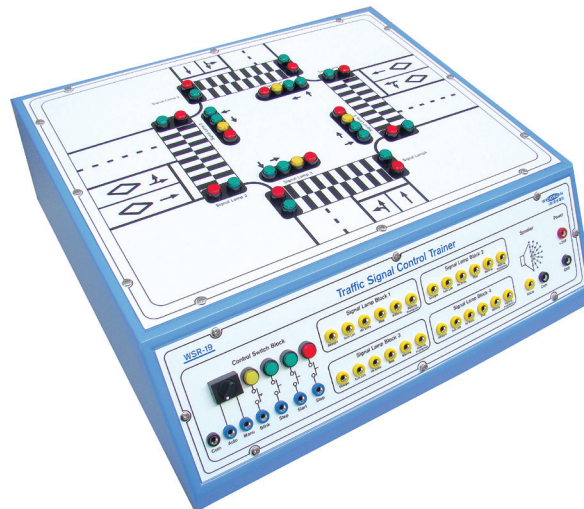

WSR-5 Auto Door System Trainer

- Main Voltage
 - 1 Phase AC 220~240V / 50/60HZ
- Digital Input & Output Connection Points
 - Input : 12 & Output : 8
- Sensor Type : NPN Type
- Providing operation manual

※ P. L. C Controller is not included

WSR-19 Traffic Signal Control Trainer

- Main Voltage : DC 24V
- Digital Input & Output Connection Points
 - Digital Input : 6 & Digital Output : 24
- Sensor Type : NPN Type
- Providing operation manual

※ P. L. C Controller is not included

※ All P. L. C application equipments can be controlled by all of PLC such as SIMENS, MITSUBISHI, LS, Allen-Bradley
